Virtual Airline CEO Questionnaire

Thank you for participating in our VA CEO interview for the Virtual Airline List. Depending on the editor this word document it will be published on the social network and our website:

Please take your time answering the questions.

1. **Can you tell us a bit about yourself? For example; how old you are, what your background with flying in general is and what brought you to creating your own Virtual Airline.**

Hi my name is Dimitris I am 24 years old and have been in flights for at least 7 years. I usually fly online on Ivao. I've participated in many virtual companies and would like to do something of my own this time.

2. **When did you start your Virtual Airline?**

I haven't made it yet

2. **Do you consider your Virtual Airline successful?**

I think yes it will succeed because it is a company that does not exist anywhere.

3. **What is your most interesting experience with your Virtual Airline, what has happened that makes you think so?**

I like to find different ideas and to be able to organize them in my mind. I like to deal with management is something unique to me

4. **Did you have any bad experiences with your Virtual Airline?**

No

6. **What do you think of your Virtual Airline's flow of new and leaving VA pilots? Is there something you do to attract more pilots? And why do you think some pilots leave your Virtual Airline?**

I think this virtual company will be something special and will attract a lot of pilots so I think I will do well and there will be none leave from the VA.

7.   What types of planes does your Virtual Airline use and do you have all the custom liveries available for your VA?

My company will have A320 and A319 and I have a lot of liveries for them.

8.   Does your VA fly on a network? If so, what do you think about it? Do you feel it supplements the general flying experience, what do you think of the network in general and is it required for your pilots to fly on this network?

My company will fly on IVAO. Because it is online and every pilot you can fly real there.

9.   Do you use any flight tracking software? If so, which one, and are you happy about the service it provides? Would you like to improve it for example?

My company will use the SIM ACARS it's a good program.

10.   Do you make use of the offers some developers / distributors have for Virtual Airlines? Do you think these developers / distributors have good offers? And does it fit your Virtual Airline policy?

No I I haven't created the company yet and I'm not using any offers yet.

11.   Does your Virtual Airline have a custom made internet web page or do you use, for example, PHPVMS and equivalents? Are you happy about your VA's web page?

i still don't have a website i think i will build it with you.

12.   And lastly, what are your expectations for your Virtual Airline in the coming twelve months?

I think that my company it will very well and will endure for many years because it will be special!

Please send this questionnaire to admin@va-list.com so we can review it and post it on the Virtual Airline List and social network.

Kind regards,
